Advisory Board Resigns.

REGINA, Oct. 29.—The Advisory Board of the Northwest Assembly resigned this morning. Mr. Haultain, in announcing it to the House this afternoon said, on the whole the business had been carried on in accordance with the position taken up last year. They resigned because they were unable to take the responsibility for several executive acts. Having been elected by the Assembly, they felt their responsibility to it. There had been a tendency on the part of the members to criticize them rather than the system and to draw an unfair comparison between that and the ideal system they wished for. It has transpired that the Advisory Board would meet and take action in certain matters and when such action did not fully accord with the view of Mr. Royal he ignored the Board and did as he pleased.

Dual Language.

A discussion of the dual language question occupied the whole of this afternoon, which was decidedly the most interesting sitting of the session.

Petition.

Mr. Cayley reported from committee the following petition, addressed to His Excellency the Governor-General, the Senate and the House of Commons:—"The petition of the Legislative Assembly of the Northwest Territories, in session assembled, humbly prays, Whereas, by section 110 of the Northwest Territories Act, it is insisted that either the English or the French language may be used by any person in the debates of the Legislative Assembly of the Territories, and in the proceedings before the courts, and both these languages shall be used in the records and journals of the Assembly, and all Ordinances made under this Act shall be printed in both these languages.

And whereas this Assembly is of the opinion that the sentiments of the people of the Northwest Territories is against the continuance of the section recited, on the ground that the needs of the Territories do not demand the official recognition of a dual language in the Northwest or the expenditure necessitated by the same.

And whereas this Assembly is also of the opinion that a sound public policy demands the discontinuance of two official languages in the Northwest.

Therefore, your petitioners humbly pray that said section 110 of the said Act be repealed at the next session of Parliament."

In committee, Mr. Cayley in the chair, a lively discussion took place on the petition.

The committee rose and reported the memorial.

Judge Rouleau moved that it be read six months hence.

The vote was as follows:—Yeas, Hoey and Mitchell—2. Nays, Haultain, Jelly, Sutherland, Plaxton, Reaman, Thorburn, Richardson, Neff, Tweed, Cayley, Lineham, Bette, Davidson, Secord, Oliver, Ross, Turris—17.

The memorial was ordered to be engrossed, and His Honor requested to transmit it to Ottawa.

The Cronin Murder.

WINNIPEG, Nov. 1.—While Martin Burke, suspected of complicity in the murder of Dr. Cronin in Chicago in May last, was in jail here he told the whole story of the crime to a fellow prisoner named Gillette. The latter has just been sentenced to Penitentiary for ten years for forgery, and yesterday made public Burke's confession to him. The mystery is now cleared up.

To be Extended.

The militia system is to be extended to the Territories.

Still Working.

Work is still being rushed on the Regina and Prince Albert railway. The track is now laid sixty-two miles north of here.

Almost Buried Alive.

Auguste Archambault, at Montreal, fell in a fit a few days ago. The funeral services were held, and the coffin lowered into the grave. As the clods fell on the coffin, moans were heard. The coffin was immediately raised and opened, when Archambault was found to be alive. He is now doing well.

Returned.

Lepine, the Red River rebel leader, has returned from the Paris exposition.

Baseball Championship.

New York won the world's baseball championship from Brooklyn.

Starving.

One hundred thousand people in North Dakota are on the verge of starvation. Relief committees have been organized at St. Paul and Minneapolis.

The Combines Bill.

Clark Wallace will re-introduce the Combines Bill at the next session of Parliament.

Destitute.

There is great destitution in Labrador through failure in the fisheries, and urgent appeals for aid are being made by missionaries.

The Buffalo.

The last of the Stony Mountain herd of buffalo have been shipped to the United States.

Wedded.

Princess Sophia, of Prussia, was married to the crown prince of Greece on Sunday.

New Inspector.

A son of W. B. Scarth, M.P., Winnipeg, has been appointed an inspector in the N. W. M. Police.

The Senatorship.

Jan. A. Loughhead, lawyer, of Calgary, is the probable successor to Senator Hardisty, says the Montreal Star.

Meeting of Parliament.

The Dominion Parliament meets on January 16.

Cattle shipment.

Three hundred head of Alberta cattle were shipped from Montreal for England on Tuesday.

Dead.

Hon. Alex. Morris, formerly Lieut.-Governor of Manitoba, died in Toronto on Tuesday.

To Enter the Cabinet.

It is rumored that Deputy Speaker Colby will shortly be called on to enter the Cabinet.

Remembered.

It is said that Mr. Davis, the present member for Alberta, has been offered a senatorship.

Hurry it up.

The Yorkton settlers have petitioned Hon. E. Dewdney, Minister of Interior, to hurry railway construction to their settlement.

Married.

S. W. Trott, druggist, of Calgary, was married to Miss Ward, of Montreal, last week.

Browned.

J. E. Woodworth, ex-M.P.P., of Brandon, was drowned at Brunswick, Ga., on Saturday.

Mrs. Siddons.

Mrs. Scott-Siddons is in Winnipeg this week.

Still Acting Alone.

REGINA, Oct. 31.—The Lieut.-Governor is still acting without his responsible advisors.

Action Supported.

The Assembly supports the action of the late Advisory Board in resigning their position.

Notice of Address.

Notice has been given of an address to the Lieut.-Governor, asking for particulars regarding public printing.

Committees Formed.

Committees have been formed to draft resolutions regarding the financial and other relations between the Federal Government and that of the Northwest Territories.

The Weather.

The weather is splendid. Very little frost, and no snow.

To Open Parliament.

Her Majesty Queen Victoria will open next session of the Imperial Parliament in person.

**THE ASSEMBLY.**

Our despatches from Regina this week announce the resignation of the Advisory Board of the Lieutenant Governor, and give as a reason for their action the refusal of the Governor to be guided by their advice in certain matters. It appears that when the views of the Board happened to coincide with those of Mr. Royal all went well, but when they differed His Honor ignored his advisors and pursued his own course. The Lieutenant Governor may or may not be obliged to act according to the advice of his Advisory Council. If he can act as he pleases, independent of his ministers, then the Advisory Board is simply a farce; and if, as it now seems, the Lieutenant Governor can ignore the Assembly and those who are supposed to be his advisors, who are selected to advise with him on matters of finance, then the sooner the Constitution is amended the better. It does not appear that Mr. Royal has abused the power he has assumed, or that the public service has in any way suffered. It is not charged that he has misappropriated public funds, nor that the course he has pursued when acting contrary to the advice of his Council have been detrimental to the public interests. From what appears he has not been guilty of any malfeasance of office, and he may have been justified in his actions which led to the resignation of his advisors. They may have been tendering him advice on matters with which they had nothing to do, for it will be seen by looking at the 51 Vic. chap. 19, sec. 13, that their duty is only to advise with the Lieutenant Governor on matters of finance. It appears to us, as it must to every one in the Territories, that we cannot much longer go on under our present system of government. We require a full measure of responsible government. We must have a Legislature purely elective, and ministers of the Crown responsible to the Legislature and to the people. Our Legislature must have sole control of the public funds and of all public affairs. In a word, it must possess all the powers of the Legislatures of the Provinces. But before this change is made we be-

lieve that the three provisional districts, Saskatchewan, Alberta and Assiniboia, should be erected into Provinces, each with a Legislature of its own. We believe the time has come when this should be done. We have long enough suffered from the want of self-government, and have arrived at that stage when we can look after our own local affairs. The progress and development of the industries of the country have been hindered in the past on account of our form of government, and now that railways are projected and being built in every direction, we must have as full legislative powers as it is possible for us to have. We object to the entire Territories being erected into one Province. Such a move would not be for the best interests of any of the Districts, except Assiniboia, and will be opposed by every man in Saskatchewan, and we believe also in Alberta.

**DUAL LANGUAGE.**

The use of the French tongue as an official language in the Territories is doomed so far as the local Legislature can doom it. On a motion by Mr. Cayley of Calgary to memorialize the Federal Parliament for the repeal of that section of the statute which allows both English and French to be used only two members were found who would bow the knee to Baal. The members for Batoche and Kinnistino voted in favor of the continuance of the dual languages. It is easy to understand their vote when we consider that they both represent constituencies which have a large French vote. We must say that both gentlemen voted contrary to the best interests of the Territories, although they may have acted conscientiously and from the best of motives.

**EDITORIAL NOTES.**

Subscribe for THE TIMES from now till January 1st, 1891—only \$2.

The newest instance of "American enterprise" is found in the report from Massachusetts that human ghoulies have disturbed the grave of Emerson. They probably would like to have exhibited the bones of the dead philosopher in a dime museum, as some of their countrymen desired to do with the remains of Christopher Columbus.

The war against the wires in New York city has evolved one or more of the resources of civilization. The electric light companies retaliate for the abuse they get by leaving the city in darkness. And as the citizens grope home and run against street cars, ash barrels and other obstacles to the abolition of profanity, they ruminate deeply over the morals of the whole question.

If energetic preparations can accomplish it, Chicago means to have the World's Fair. Seven millions of stock subscribed, with two per cent. paid in, looks like business. Congressmen are being actively canvassed, and an agency for carrying on the war is already established in Washington. New York is beginning to wonder if there is not some danger of the fair going to the west after all.

Rev. John Macnaughton, of Lairg, Scotland, who has been appointed to a professorship in Queen's College, Kingston, has a good university record. He entered Aberdeen University as first bursar, and carried off all the first prizes in the Greek classes, and the Simpson Greek prize at the end of his course. Mr. Macnaughton further pursued his

classical studies at Cambridge University, gaining—among other honors—the senior scholarship at Jesus College. He will be an acquisition to the teaching staff of Queen's.

The Ottawa Citizen selects one day as a type of the busy manner in which the Premier passes his time attending to public business. On the day in question Sir John Macdonald occupied the forenoon receiving and conferring with his colleagues at his residence. By noon he had gone to the sitting of the Railway Commissioners to hear and help decide an intricate question. When that was over a stream of callers, responsible officials from different departments, and persons with all sorts of public business in hand, had to be attended to. Considering that the present time is the Parliamentary recess, the duties of the Premiership must require an inexhaustible fund of energy.

Bishop Walker, of North Dakota, who has been attending the Episcopal Convention in New York, has been recording his opinion of the difference between the blustery storms that occasionally blow over that city and stop the street cars and the genuine blizzards of Dakota. He says, with no worse experience than that you don't know what "blizzard" means. It means a matter of thirty or forty degrees below zero, with the wind blowing thirty, fifty and seventy miles an hour and the atmosphere filled with pellets of ice that sting like red-hot shot. No one will presume to doubt the testimony of a bishop, so that the Dakota article will continue to rule all other orders of blizzards.

CONCERT.

The concert which took place this evening in aid of the Saskatchewan Institute was in every way a success. As the seating capacity of the hall is not very large, the sale of tickets had to be limited, and many who were unable to secure them went to the door only to be refused admission. The first part of the programme consisted of vocal and instrumental music, in which Mrs. Sproat, Misses Hill and F. Mair, and Messrs. Cann, Neeley, Johnson and Capt. Norman took part; and it is needless to say, each and all acquitted themselves to the entire satisfaction of the audience. The second part of the programme consisted of an amusing farce entitled "Betsy Baker, or too attentive by half." Miss F. Mair, as "Mrs. Mouser," took her part well, while Miss Hill acted the somewhat difficult part of "Betsy Baker" to perfection. Mr. Neeley represented "Mr. Mouser," senior partner of the firm of Mouser & Crummy, and Mr. J. J. Clarke personated "Crummy." Both gentlemen sustained their parts in a manner which would be creditable to professional actors. The piece was well acted on, and went off without any of the stiches and dragging that very often occur in amateur theatricals. The last piece was a chorus in which Messrs. Johnson, Neeley, Way and Cann took part, after which "God save the Queen" was sung, and the audience departed, well pleased with the entertainment. The accompaniments were played by Miss Hill and Mr. Cann. The net proceeds amounted to \$50.

Mr. G. C. MacLeod returned from his trip north this week, where he had been attending treaty payments amongst the Indians. Mr. MacLeod did a first-class trade amongst the natives, and returned to town loaded with shuniah. He was very much surprised to discover that Indians living within a few miles north of the town were still living in heathenism and bowed down to images of wood and straw, and thinks that before sending money to foreign missions the welfare of those nearer home should be attended to.

DUCK LAKE.

From our Special Correspondent.) Six farms were located on this week, all the parties being good settlers from Ontario. Several places have also changed hands recently. We are informed that as soon as the railway locate their station we are to have two more merchants. Mr. Jos. Finlayson is able to be out a little every day. Inspector of Indian Schools, Mr. McLaue, is on an official visit through the district. A number of the settlers have gone north for their winter's supply of fish. Threshing is well advanced at Carlton. The yield is light, but the sample is exceedingly good. The market is quite active in wheat at no oats or barley. Potatoes bring the dollar, eggs thirty and butter twenty cents. The contractor Madigan is in the district looking up timber and sub-letting small contracts. He has 200,000 to get at. A. H. Mitchell will start farming next year, using English seeds and grasses. He will be called "The Experimental arm." Among those registered at the Duck Lake house for the week were, Messrs Mackay and Stevens, Lilly Plains; Ross, Scott, The Ridge; Mr. Shields, Ed. Woodcock, Willoughby; Jas Scott, Troy; F. McCallister, Minneapolis; J. K. Barrett, Winnipeg; C. R. Stovel, T. McGee and Miller, Prince Albert; L. Maddigan, Ross, Mr. Sproat, contractors, Regina and Duck Lake Railway; A. Ponton, G. Thomson, Regina; Wm. Dwyer, Snake Lake. Wolves and foxes have not been so plentiful for years as now. Mr. Knox finished his contracts here on Thursday and leaves tomorrow for home. He makes a good citizen and we regret losing him. Mr. J. Ross, railway contractor, is in town looking up ties and feed for his stock. The surveyors are now 18 miles from town. Their progress will be slow for a time; they expect to be in your town about end of November. No passengers on the incoming stage. Messenger just in from Snake Plains reports that Mrs. McNeill met with a very

painful accident yesterday. Mr. McRae, Miss Finlayson and Mrs. McNeill were out driving; the horses shied, throwing Mrs. McNeill out on her face breaking her nose and otherwise injuring her. Dr. Stewart left at once to attend to her.
